CORBETT-JEFFRIES FIGHT.

Pugilists Will Contest For World's
Championship in May.

NEW YORK, Feb. 23.—Unless some-
thing unforeseen happens in the mean-
time, James J. Corbett and James J.
Jeffries will fight for the heavyweight
championship of the world in the arena
of the Seaside Athletic club on May 1.
Articles to this effect have now been
signed and all the preliminary arrange-
ments for the match completed.

Jeffries will remain at Hot Springs
for three weeks, when he will start for
Asbury park and prepare for the battle.
His trainers will be his brother Jack
and Tommy Ryan, the welterweight
champion.

Corbett will train at Lakewood and
his assistants will be Gus Rahlin and
Joe Choyasak.

WILL CENSOR CABLEGRAMS.

Great Britain Announces Her Purpose
to Intercept Pretoria Dispatches.

WASHINGTON, Feb. 23.—Great Britain
has announced her purpose to censor
official as well as private cablegrams
sent to international representatives at
Pretoria.

This declaration is one of the most
important steps affecting international
relations taken by Great Britain since
the war with the Transvaal began. It
is likely to provoke correspondence,
which will be of great moment in re-
spect to the future neutralization of
cable lines.

There is no doubt that the purpose of
the censorship is to prevent Dr. Leyds
or other Boer agents from communi-
cating with the Pretoria officials.

Black Plague in Honolulu.

HONOLULU, Feb. 23.—The black plague
has been broken out at Kahului, on the
island of Maui, and Hilo, on the island
of Hawaii. The latest advices
report seven deaths at Kahului, all Chi-
nese, and one at Hilo, a Portuguese
woman, the wife of A. G. Senao. The
news was received here Feb. 19. In a
letter from Sheriff Baldwin, China-
town, in Kahului, which had about 500
inhabitants, has been destroyed by fire,
the sanitary conditions being worse
than in Honolulu. The towns of La-
haine and Hahua have established
quarantine against other portions of
Maui. It is thought that the plague
reached Kahului through the shipment
of Chinese New Year goods.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the
sense of smell and completely de-
range the whole system when enter-
ing it through the mucous surfaces.
Such articles should never be used
except on prescriptions from reputa-
ble physicians, as the damage they
will do is ten fold to the good you
can possibly derive from them.
Hall's Catarrh Cure, manufactured
by F. J. Cheney & Co., Toledo, O.,
contains no mercury, and is taken
internally, acting directly upon the
blood and mucous surface of the
system. In buying Hall's Catarrh
Cure be sure you get the genuine.
It is taken internally and is made in
Toledo, Ohio, by F. J. Cheney & Co.

Steamer Gate City Wrecked.

NEW YORK, Feb. 23.—The steamship
Gate City of the Ocean Steamship com-
pany, bound from Savannah to Boston,
which was stranded at East Moriches,
L. I., on Feb. 8, has been driven hard
on the beach by this storm. The vessel
is flooded with water and her cabins
have been smashed in by the heavy
seas. Wreckers are hard at work try-
ing to keep down the water with steam
pumps. The prospects of floating the
vessel seem to lessen.

ASIATICS NOT ENTITLED

To American Citizenship, Says Jones
of Virginia.

WASHINGTON, Feb. 23.—The debate
upon the Puerto Rican tariff bill was
resumed today at 11 o'clock.

Mr. Jones of Virginia, a member of
the insular committee, was the first
speaker. He discussed the conditions
which existed upon the island of Puerto
Rico which led to the president's recom-
mendations of free trade for her goods
and quoted from the testimony before
his committee to prove that the condi-
tions were far worse now than when
the president made his recommendation.

He pictured the distress that pre-
vailed on the island and declared that
only immediate relief could prevent the
actual starvation of many of its inhabi-
tants. Speaking of the real motive be-
hind the bill, he charged that it was
disclosed by Mr. Moody of Massachu-
setts yesterday, when he declared that
he was unwilling that 10,000,000 Asiatics
should enjoy the immunity of citi-
zenship in the United States which had
been his birthright as an American
citizen.

Mr. Maddox of Georgia followed in
opposition to the bill. In the course of
his remarks he had read a long letter
from former Representative Turner of
Georgia, who was for many years upon
the ways and means committee, de-
nouncing the "new theory of the con-
stitution," upon which the pending bill
was based.

PUERTO RICAN CABLEGRAM.

Urges Solution by Congress of Eco-
nomic Problems.

WASHINGTON, Feb. 23.—In antici-
pation of a lively debate on the question
of the right of Matthew S. Quay to a
seat in the senate as a member from
Pennsylvania, spectators crowded the
galleries today.

President Pro Tem Frye laid before
the senate the following cablegram, ad-
dressed to him as president of the senate,
from San Juan, Puerto Rico:

"Commissioned by people of Puerto
Rico, attending celebration in commem-
oration of the anniversary of the birth
of Washington, request that for hu-
manity's sake a solution be adopted of
economic problems. Every day repre-
sents considerable loss leading to total
ruin."

Mr. Hoar inquired whether the chair
head the cablegram to be a petition
from citizens of the United States.

Chairman—"The chair does not feel called
upon to rule upon that question. But
the senator from Massachusetts may
judge how the chair feels as he pre-
sented the document to the senate."

Was a Saw-Whet Veteran.

NEW YORK, Feb. 23.—Dan Rice, the
veteran circus clown, who died at Long
Branch late last night, was one of the
oldest showmen in America. He was
near eighty years old, and had traveled
extensively.

QUESTIONS FOR WOMEN.

If you were offered sure aid in time of trouble, would you put it aside
and accept something of doubtful efficiency?

If you saw before you a strong and safe bridge leading to your goal,
would you ignore it to try some insecure and tottering structure?

The answers to these questions are plain. You would, of course, choose
without hesitation what all evidence showed to be the safe thing, and you
would risk nothing in useless experiments.

**Why then do some women risk one of their
most precious possessions—their health—in trying
medicines of unknown value, which may even
prove hurtful to them?**

**Lydia E. Pinkham's Vegetable Compound has
stood the test of years. It has the largest sale of
any remedy for female ills in the world, and
nothing could have given it this sale except its
own merit.**

Do not try experiments, buy what is known to be reliable. Mrs. Pink-
ham's Compound can do all that is claimed for it, and all statements in
regard to it can be easily verified. For instance—Here are six letters which
prove our claims.

Backache and Womb Troubles Succumb to Lydia E. Pinkham's Vege- table Compound.

"I have been for ten years an in-
valid with female weakness, and the
torture and pain I suffered no tongue
can tell. I never spent one week in the
ten years that I was free from
pain. My trouble was inflammation
and congestion of the womb. When I
commenced to take your remedy I had
been bedfast for some time under the
treatment of two of the best physi-
cians in Illinois without receiving any
benefit. You can imagine the benefit I
derived from Lydia E. Pinkham's Vege-
table Compound when I tell you that I
have gained forty pounds and am well
—a fact I never dared to expect."
Mrs. C. E. Feland, Monett, Mo.

"For a number of years I was
troubled with backache and leu-
orrhoea. I became so weak and mis-
erable that I could not attend to my
work or studies. The least effort
would completely exhaust me. Physi-
cians failed to help me. I felt that my
youth was blighted, and the life before
me would be one of suffering and
misery. Then a friend insisted on my
taking your medicine. Before I had
used one bottle I was greatly relieved.
I had not known a well day for four
years, but now I feel better than I have
since a child, and it is all due to Lydia
E. Pinkham's Vegetable Compound."
Miss Mary H. Thompson, Alliance, O.

Miners' Wages to Be Raised.

BIRMINGHAM, Ala., Feb. 23.—The Ala-
bama Consolidated Coal and Iron com-
pany announces that it will increase
the wages of its coal miners in the
Brookwood district 2½ cents per ton,
effective March 1. Six hundred men
are involved. The Brookwood miners
struck several months ago because of
the alleged failure to receive the Bir-
mingham district scale, but the strike
ended late last fall. The company also
announces that it will spend \$300,000
on improvements in the Brookwood dis-
trict this year. This will include the
building of 500 new coke ovens and the
opening of several new mines.

Wholesome Water.

The official analysis of the water
furnished by the Pensacola Water
Co. shows that every U. S. gallon of
231 cubic inches contains
Chloride of sodium 428 grains
Sulphate of soda 408 grains
Sulphate of lime 953 grains
Bicarbonate of lime 284 grains
Bicarbonate of magnesia 192 grains
Oxide of iron and alumina 222 grains
Silica 599 grains
Organic and volatile matter 475 grains
Total solids 1334 grains
After evaporation 1215 grains
No iron or other phosphates, nitrates or
free ammonia.
The analyst, Prof. C. F. Chandler, Ph. D., of
Columbia, N. Y., says: "This water is
the purest that we have ever analyzed—
free from all substances which would in-
dicate pollution, extremely soft, admirably
adapted for all domestic and manufacturing
purposes."

Compare this statement with the
water from surface wells, driven
wells, so-called "springs" and
ditches, now used by many residents
of the city, and reflect that for \$8 a
year (payable semi-annually in ad-
vance) 60½ cents a month, or about
2 cents a day for one faucet, any one
now using surface water filled with
all manner of impurities, microbes
and bacteria, can procure an abun-
dant supply of water for the use of
an average family, for drinking,
cooking, washing, etc.

As a sanitary precaution against
the sickness that is sure to result
from the use of impure water, if for
no other reason, the use of the city
water should be more general, and
its extreme cheapness leaves no ex-
cuse for not using it. Landlords
owe it to the cause of public health,
to the welfare of their tenants, and
to their own pecuniary interest in
securing the best classes of tenants,
to put in connections on their prop-
erty.

Facts About Two Cases of Falling of the Womb Recovered by Lydia E. Pinkham's Vegetable Compound.

"I suffered for fifteen years without
finding any relief. I tried doctors, but
nothing seemed to do me any good. I
had falling of the womb, leucorrhoea,
pain in the back and head, and those
bearing-down pains. One bottle of
Lydia E. Pinkham's Vegetable Com-
pound did me so much good that I sent
for four more, also two boxes of Liver
Pills and one package of Sarsaparilla
Wash. After using these I felt like a
new woman."—Mrs. G. A. Winter,
Glidden, Ia., Box 220.

"I was suffering with falling of the
womb, painful menstruation, head-
ache, backache, pain in groins, ex-
tending into the limbs; also a terrible
pain at left womb. The pain in my
back was dreadful during menstrua-
tion, and my head would ache until I
would be nearly crazy. Lydia E.
Pinkham's Vegetable Compound has
given me great relief. I suffer no
pain now, and I give your medicine
all the praise."—Mrs. J. P. McSpad-
den, Rosenberg, Tex.

Ovarian Troubles Always Yield to Lydia E. Pink- ham's Vegetable Com- pound.

"I had been in poor health for
twenty years, having inflammation of
ovaries and womb trouble. Although
treated by physicians, I could not gain
strength nor do my work, and was so
low-spirited and tired of life. A friend
advised me to take Lydia E. Pink-
ham's Vegetable Compound. The first
bottle strengthened me, and I wrote
to you. After taking six bottles can
say that I am well and can even do
washing."—Mrs. M. W. Miller, No.
1033 Canal Street, New Orleans, La.

"For three years I suffered with
ovarian trouble, having inflammation
and an abscess on right ovary. Had
such pain in my back and head, and at
times was unable to walk. Had sev-
eral doctors, but they did not do me
much good. One doctor said that I
would have to have an operation and
have the ovary removed. I became
discouraged and gave up all hopes of
getting well. I began taking Lydia
E. Pinkham's Vegetable Compound.
I wrote to Mrs. Pinkham and followed
her directions faithfully, and am bet-
ter than I have been for three years.
I have taken ten bottles, and my
friends are surprised at my rapid im-
provement."—Mrs. W. H. Walters,
Cold Spring Harbor, L. I. N. Y.
